PEOPLES' WAREHOUSE

ENJOYING EXTENSIVE TRADE.

Pendleton's Big Store Makes Special Inducements for the Balance of October—Cut Prices Prevail in All Departments—Month to Close With a Rush—Rare Chances to Save Money.

October of 1904, has established for the Peoples Warehouse a new record. They have done the largest business so far this month that they have ever done before since they have been in business in this progressive city of Pendleton. Not satisfied with well doing, however, they propose to close the month in a blaze of glory.

Every department of this big store must furnish a quota of bargains. The ready-to-wear department, embracing ladies' jackets and coats of all the different lengths, tailored suits, dress skirts, walking skirts, petticoats in cotton, mercerized and silk, kimono, children's dresses and millinery, shows you everything that is late and stylish. Not an old hat in the store to dispose of, all this season's purchases. The difference between the hats sold at the Peoples Warehouse and other stores is that we only put a dry goods profit on them. You can readily see the difference if you institute a comparison.

Nevada Men Will Invest.

Curtis Hall, who last spring came to Foster and took land in that vicinity with his brother, Harvey Hall, this morning went to Milton and Freewater, where they purpose buying lands. The Halls came from Elko, Nev., last spring. The size of their investments here will depend largely upon what figure they can close out their cattle interests in Nevada for. Harvey Hall has been in poor health all summer, but recognizes that his health has been improved by this climate.

Cullinans Return.

Oscar Cullinan, a blacksmith from South Omaha, arrived yesterday and is looking for a location. His wife, daughter and two sons have consumptive tendencies, and their coming west is for the change of climate. Mr. Cullinan worked at the blacksmithing trade in Pendleton in 1888, and later in Umatilla. The next year he bought a farm near Milton, which he owned for eight years. He frankly expresses the wish that he had not left here.

Ventilating Fans Arrive.

The two huge ventilating fans for the east and west school houses have arrived and will be placed as soon as the buildings are ready. The brick-laying on the west end building is progressing rapidly, since Mr. May has had a clear coast, and that building will be ready for the placing of the furnace and equipment in a comparatively short time. Both furnaces with the ventilating apparatus will be put in place during the next month.

Carload of Incubators.

A carload of incubators arrived last night from Portland, consigned to a general agent who has them already disposed of to Umatilla county people. This is a significant index of a rapidly developing industry that has every natural opportunity to expand.

A novelty in stoves is a battleship range with steel racks for preventing the pots and pans from going helter-skelter in a high sea, and with ingenious braces for holding the range itself in place.

What two words mean most to your grocer? and what do they mean?

GAMES ARE STOPPED

MUSICAL SOUND OF "CHIPS"

HEARD NO MORE.

Marshal Carney Acting Under Orders From Council, Closes Last of the Poker Games—If the Gamblers Can't Be Good and Agree Among Themselves, They Can't Play—Other Banking Games Have Been Closed for Some Time.

"I guess it's all off, boys," remarked a big, dark moustached man with a pale brow, last evening as he concluded a brief conference with Chief of Police M. J. Carney, and returned to a table in a smoke laden room, where were seated four other men.

The quintet made a few remarks under their breaths, raked in their money, pushed back their chairs and departed. Poker playing in Pendleton had taken its place alongside roulette, faro and the other banking games.

From saloon to saloon and from club room to club room, the chief wended his way last night and in less than half an hour Pendleton was changed from a semi-open town to a "closed" city. Slot machines today are the only places where one may take a chance with his money without fear of the blinking eye of the law.

In explanation of the quiet raid of last night City Marshal Carney declared he was acting under orders from the council. "The town is closed to stay," he remarked. "We concluded that if the gamblers could not get along among themselves, they had better not play at all."

Every night, practically since District Attorney G. W. Phelps "discovered" gambling in Pendleton and closed the banking games, poker playing has been going on, it is alleged. In one or two instances faro has been played at brief spells. One or two large poker games where twenties looked like white chips to the players, have been in operation and men have been known to lose several hundred dollars in a night.

QUIET CAMPAIGN

Believed to Be Due to the Contentment of the People.

Col. R. C. Judson, industrial agent for the Oregon Railroad & Navigation Company, was in Pendleton yesterday, declares that the present political campaign is the quietest he ever experienced, and the colonel is one whose hairs are white. Mr. Judson's duties require a large amount of traveling. "Everywhere I go," he said, "I find this quietness in politics. Why? The main reason is that the people of the Northwest are contented. They are too busy counting their money to worry about the result of the presidential election. If wheat were about 40 cents a bushel, one would see plenty of activity in political circles."

"In the East, where I visited this fall, the campaign is also quiet, but perhaps not to such a marked extent as on the coast. The states that elect officers this year, of course, are the scenes of a large amount of political stir, but national issues are not brought forward to any marked extent."

Will Locate in This County.

Wilson Foss, who has put in the last seven weeks exploring every section of the county, will leave for Champagne county, Illinois, this evening. Mr. Foss expresses himself as well enough satisfied with his investigations that he will return in the spring with his family, and that it is probable that two brothers-in-law and several neighbors will follow them. He himself will locate on a fruit farm on the Little Walla Walla, upon which he has an option until spring. His brothers-in-law, L. T. Moore and A. H. Hennigh, will probably come out during the winter and make selections of lands to suit themselves, though Mr. Foss thinks they will stop in La Grande and file on government lands selected in this county and recommended by him.

Showman Dies Suddenly.

F. E. Jackson, advance agent for the Wedemann shows, which played a two nights' engagement at the Frazer last week, dropped dead in a La Grande saloon last night. He had been suffering from gall stone and had one severe attack early in the evening. He recovered from the first but while yet in the saloon, was suddenly stricken a second time and died within a few minutes.

Another Breeders' Association.

Farmers around Moro have organized a breeders' association and bought of the McLaughlin company, through D. A. Collins, a 2-year-old black Percheron stallion for \$4000. The men in the company are S. A. Sayers, E. Thompson, T. B. Searcey, J. T. Belshie, Charles G. Huls, Robert W. Belshie, Henry Hennigan and John Christianson.

Cigar Store Closed.

The stock and fixtures of the cigar store of D. C. Clark, in Main street, were attached by the sheriff yesterday afternoon to satisfy a claim of \$1500 held against the proprietor by the Pendleton Savings Bank. The action is to collect on a promissory note. Carter & Raley represent the plaintiff. Clark has been in business in this city for several years.

Rosenbergs Move to Town.

C. H. Rosenberg has bought the old Burr Johnson residence on Lewis street, remodeled it and furnished it throughout with the latest styles of furniture and kitchen utensils. The family occupy it with the intention of residing in town until the end of the school year. Mr. Rosenberg will divide his time between the ranch and town.

Dr. Garfield Will Build.

Ground was broken this morning for Dr. Garfield's new residence—a seven-room cottage, which will be built on the corner of Oak and Court streets. Spencer Simmons is the contractor, and it is intended to have the building ready for occupancy by the middle of December.

Bucks to Wallowa.

Xavier Michellod of Walla Walla, purchased 30 head of Rambouillet bucks of the R. A. Jackson sheep, and shipped them last night to Elgin, from where they will be driven into Wallowa county. A. H. Sunderman is handling the Jackson bucks in this county and still has over 100 for sale.

Run Levels for a Sewer.

Surveyor Kimbrell yesterday ran the levels for the 500 feet of sewer on Lewis street to the east end school premises. After reaching the premises there will be 100 feet of connections to make on the school property, which the district will pay for.

Funeral of Mrs. Wilson.

The funeral of Mrs. Mary Wilson was held this afternoon at 2 o'clock from the residence of her parents at Pilot Rock. The services were conducted by Rev. R. J. Diven, field missionary for the Presbyterian church.

Trustees' Meeting.

The regular annual meeting of the board of trustees of Pendleton Academy will be held at the office of the Academy this evening.

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of the means of cure.

"I was a great sufferer for six years and doctored all the time with a number of physicians but did not receive any benefit," writes Mrs. George Sargent, of 641 Bond Street, Saginaw (South), Michigan. "I had given up all hope of ever getting better. Thought I would write to you. When I received your letter telling me what to do I commenced to take your 'Favorite Prescription' and follow your advice. I have taken ten bottles in all, also five vials of the 'Pleasant Pellets.' Am now regular, after having missed two years and suffered with pain in the head and back. I was so nervous, could not eat or sleep. Now I can thank you for my recovery."

Don't hesitate to write to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. If you want good medical advice from a fully qualified physician as to your personal good health. Such letters are always answered free of charge and confidentially. A medicine which has outlasted all others for women in the past third of a century and being recommended by all those who have used it is a good remedy to tie to. Dr. Pierce's Favorite Prescription is purely vegetable and does not contain a particle of alcohol to destroy the blood corpuscles and weaken the system. Do not permit the dealer to insult your intelligence by suggesting some other compound which he recommends as "just as good," because he makes it himself.
